## Who are we:

We are a Philly based global non-profit organization that supports Gwalior Children's Charity in India by providing 120,000 underprivileged lives with rural healthcare, education & sustainability. In Philly, we support Inglis House - a home for 300 disabled residents by empowering them with Adapted Tech to stay connected with the world. We want these individuals/families to have the chance to live happy, healthy, & productive lives. With your support and resources, this IS a reality. We have raised \$200k+ in 7 years through events, changing one life at a time.
